72. ASTON MARTIN LIFE
A PUREBRED DRIVER’S CAR.

Rapide S is the world's most beautiful four-door sports car. Created with the finest ingredients, conceived with a unique vision, it combines sensational sports car performance and supreme refinement in one compelling package. Rapide S broadens the capabilities of a four-door luxury car; it combines everything that is an Aston Martin provides an even greater breadth of ability. Ground-breaking, and yet possessed of timeless beauty, Rapide S is sublime. Thrilling and every inch an Aston Martin.
Each and every Aston Martin must possess beauty, elegance and proportion. Rapide S encapsulates those qualities in a four-door shape that mixes indulgence and tension with exquisite harmony, inspired by the aesthetic of our iconic two seat coupes, re-imagined as a four-door with an almost magical purity of line. Rapide S is cohesive, graceful and unmistakably Aston Martin.

The confidence of the distinctive grille design creates an assertive presence for Rapide S, a theme that is carried through in every detail. Yet while Rapide S has intrinsic presence it is balanced with classic proportions and elegant lines that bring an aura of immaculate understatement and deft subtlety. Melding these apparently contradictory themes with such artistic harmony is key to realising the world’s most beautiful four-door sports car.
Challenge creates solutions, speeds the rate of evolution and ensures that every Aston Martin is true to our core values. Our four-door sports car needed a challenge and in 2010 it faced the toughest of any in motorsport: the gruelling Nürburgring 24 Hours. Against a field of 200 purpose-built racing cars on the world’s greatest racetrack a near-standard road-registered Rapide ran fast and faultlessly for a day and a night. The Rapide achieved second in class and 34th overall. Rapide S is faster, more sophisticated, more responsive and even more durable thanks in part to lessons learnt in that extraordinary race.
The heart of Rapide S is a cultured quad-cam 6.0-litre V12. Marrying sumptuous accessibility with supreme ultimate performance, it perfectly represents the dual personality of Rapide S. Producing a scintillating 560 PS (552 bhp) and 630 Nm the V12 is eminently accessible and capable of soaring performance. Controlled by a new highly sophisticated Bosch engine management system and partnered with the all-new eight-speed Touchtronic III automatic transmission, Rapide S is faster, more responsive and cleaner than ever before. The result is a generous spread of effortless performance coupled with the assurance of emphatic overtaking ability whenever you need it. When you want to reveal the sports car within, Rapide S will cover 0-60 mph in 4.2 seconds and can achieve an incredible 203 mph, while CO2 emissions and fuel consumption are improved.
TWELVE TO THE POWER OF EIGHT.

Rapide S has been transformed by the highly advanced eight-speed Touchtronic III automatic transmission. Like the car, Touchtronic III has a comprehensive skill set – capable of shifting gears in as quick as 130 milliseconds for ultimate response, but simultaneously improving refinement and economy. Lighter ratios ensure that the 6.0-litre V12’s innate qualities are fully realised. Shorter lower ratios improve acceleration while the relaxed gait of ratios 7 and 8 reduce revs for increased cruising capability.

Touchtronic III features four driving modes: Drive, Drive-Sport, Paddle and Paddle-Sport. It also features Adaptive Drive Recognition that allows it to intelligently adapt to driver’s inputs and driving style. The result is totally intuitive and highly efficient.

A further unseen but tangible benefit is its lower mass, which benefits driving dynamics still further.

Front engine configuration with Touchtronic III transaxle provides superb balance and progressive dynamics.

Rearward torque tube linking engine to Touchtronic III transaxle means lesser noise to the interior for greater refinement.

Eight ratios but 3% lighter than previous transmission with benefits to agility and comfort.
PERFORMANCE

THE SOUND OF SPEED.

There is nothing more satisfying than the response and sound of a normally aspirated 6.0-litre V12. Rapide S is imbued with an effortless sense of the exotic because of its beating heart. And the V12’s sonorous howl conveys the easy delivery but epic scale of the performance on tap. It is enough to be salivating, and breathing on from the outside. Rapide S is a rolling piece of theatre, performed by one, enjoyed by many.
It is not just the outright pace of Rapide S that makes it so imperious, but the way it is deployed. Developed to fully exploit and perfectly complement the tremendous reserves of accessible performance, the advanced suspension and braking systems are paragons of control, power and precision.

When driving alone you will love the way the 3-stage Adaptive Damping System (ADS) can be configured to deliver true sports car handling, yet when comfort is a priority it effortlessly assumes the role of the consummate luxury car.

New larger 400 mm diameter front discs deliver enhanced progressive stopping power with immense resistance to the effects of brake fade. A retuned 3-stage DSC stability control system works seamlessly with the new gearbox for ultimate reassurance. Optional lightweight forged alloy wheels reduce unsprung and rotational masses to further improve ride quality, steering response and feedback.

PERFORMANCE

EFFORTLESS POISE, ULTIMATE CONTROL.
Positioning the 6.0-litre V12 engine behind the centreline of the front wheels and mounting the new and lighter eight-speed Touchtronic III transmission at the rear, concentrates the major masses within the wheelbase of Rapide S and achieves a near-perfect weight distribution. This has the twin benefits of improving agility and delivering consistent, confidence-inspiring handling on all roads and in all weathers.
Rapide S is infused with confidence and defined by its striking sense of purity and proportion, but its unmistakable silhouette is just the starting point for you to imagine your version of the world’s most beautiful four-door. Quietly understated or exuding joyous charisma, the Rapide S is yours to interpret as you wish.

BEAUTY THAT IS MORE THAN SKIN DEEP.

ENGINEERING
SHARED
INDULGENCE
FREEDOM
REDEFINED.
Assertive, confident, bold and yet perfectly proportioned, Rapide S has a purity of purpose that belies its broad capabilities. The strength of character is infused into the details that define Rapide S. Details like the assertively styled full-face aluminium grille and elongated side gills that hint at the power within.

THE FUSING OF FORM AND FUNCTION.

At the rear the tailgate features an aggressively upswept ‘flip’ to ensure maximum stability and an aerodynamic diffuser has been integrated into the rear valance to better manage the airflow exiting beneath the rear of the car, and to mirror the boldness of the overtly sporting frontal treatment.

SHARED INDULGENCE
If to catch sight of a Rapide S is to be uplifted, then to sit into its interior is to be enveloped by a space of extraordinary tranquillity. Stunning design flows from the sweep of the centre stack to the beautifully trimmed luggage area, authentic materials interplay with a canton lightness of touch and, instantly, driver and passengers relax. Welcome to your Rapide S.
One of the truly unique qualities of Rapide S is that while it pays close attention to the needs of its passengers, it never forgets that an Aston Martin is a car for drivers. With perfect alignment of seat, steering wheel and pedals, and an inspiring view over that long, graceful bonnet, the driving environment is every bit as driver-oriented as that of our more focussed Sports, GT and Super GT models.

Clear design, tactility and a sense of connection are paramount, and from the moment you slip behind the steering wheel you feel in total command of Rapide S. Intuitive ergonomics, fine visibility and the sensory satisfaction of materials such as glass switches are thoughtful and satisfying, completing a driving experience so immersive you will forget you are in a four-seat sports car.

A JOY FOR PASSENGERS.
A SENSATION FOR THE DRIVER.
To travel in the Rapide S is to be immersed in a uniquely spacious and indulgent environment. An environment defined by you from the vast array of interior colour, trim and detailing options – including the new Piano Ice Mocha finish, quilted leather patterns, Alcantara® options and a selection of duotone perforated leathers. Create a lavishy opulent escape or a focused sporting ambience and let Rapide S fire your imagination.

IMAGINATION TO EXCITE THE SENSES.
THE GLAMOUR OF PRIVATE AIR TRAVEL WITHOUT EVER LEAVING THE GROUND.

Fashioned from the same fine materials with the same obsessive attention to quality and detail, the rear passengers’ compartment of the Rapide S is just as striking as the front. Individually sculpted seats provide ample support, yet are yielding enough to be comfortable over extended distances.

The raised sweep of the central console serves as a built-in armrest as well as somewhere to stow drinks. Zoned air conditioning ensures rear passengers can enjoy their own climate independent from that of those in the front.

INTERIOR LUXURY
Aston Martin's long history of bespoke, hand-made luxury is palpable in the fine execution of every detail inside the Rapide S. Using the finest leathers, a vast array of woods and other luxurious materials, each cabin is crafted by hand with passion and absolute precision. For example, in an embroidered AML logo there are over five thousand stitches applied to create the desired finish. With over three million available combinations of trim, this extraordinary space can portray a myriad of moods and sensations. Created by your imagination, executed by craftspeople in time-honoured tradition.

UNMATCHED CRAFTSMANSHIP. SUPREME COMFORT.
If the sound of a creamily cultured yet savagely powerful 6.0-litre V12 is not enough entertainment, Rapide S is equipped with a specially developed Bang & Olufsen sound system. With 1000 watts of amplification and an array of 15 perfectly positioned speakers, the Bang & Olufsen system delivers a sensational listening experience with a clear and natural tone, bringing your favourite music to life as never before.

Bang & Olufsen’s highly skilled ‘tonmeisters’ have expertly shaped the delivery by balancing over 2000 tuneable parameters to achieve the perfect experience. Sound replication is maintained in all driving conditions through imperceptible equalisation adjustments determined by algorithms that utilise multiple vehicle sensors, including an in-car microphone. Every nuance is captured, every emotion conveyed.

Acoustic Lens Technology

The Bang & Olufsen systems for Aston Martin include two moving acoustic lenses mounted at each side of the dashboard. When the sound system is activated, each acoustic lens elevates slightly and elegantly from their position below the dashboard. The lenses ensure a wide, 180° horizontal dispersion as well as preventing vertical artefacts, enhancing accuracy in imaging and sound staging.

Closed speaker cabinet

The specialised use of closed speaker cabinets considerably enhances crispness of audio replication as well as improving privacy inside the car by reducing the amount of sound transmitted externally.
For the ultimate "in-flight" experience look no further than the optional rear seat entertainment system. Featuring individual screens mounted in the back of the front seat head restraints, which take a feed from the 6-disc in-car DVD player. Wireless headphones and remote control ensure maximum convenience and viewing pleasure.

CONCERT HALL, MOVIE THEATRE, THE BEST SEATS IN THE HOUSE.
FOUR-DOOR CONVENIENCE
AN APPETITE FOR CROSSING CONTINENTS.
FOUR DOORS. FOUR SEATS. A COUPE WITHOUT COMPROMISE.

The shape speaks of agility, thrills and uncompromised glamour but Rapide S skilfully weaves function into its stylish form. With a quartet of swan-wing doors that sweep up and out from the door apertures for optimal ingress and egress, four adults can be accommodated with impressive ease and in perfect comfort.

In the front, multi-adjustable seats provide comprehensive support for driver and passenger, while in the rear, the cleverly sculpted headlining and front seat backs maximise available head and knee-room within the beautifully designed and appointed rear passenger compartment. Rapide S is an experience to be shared.
The driving experience demonstrates that Rapide S is a car of wildly divergent abilities – one moment a precise sports car, the next a hushed luxury express. We know you will want to enjoy it every day, so we have designed Rapide S to offer the two laterality to make that possible and convenient.

Accessed via a large tailgate, the wide, flat luggage area is generous and will accommodate everyday luggage without encroaching on the rear passenger environment. However, if you need to transport something out of the ordinary or you are packing for an extended touring holiday for two, the Rapide S rear seats can be folded to triple the available luggage space. In so doing a cavernous load area is created, perfect for accommodating bulky sporting equipment such as golf bags or sets of skis.

INTRINSICALLY PRACTICAL.
THE COMPLETE LUXURY SPORTS CAR.
PERSONALISATION

DIVINE RED
- The classic and evocative sports car aesthetic, combining Divine Red exterior with Sahara Tan leather and sophisticated Piano Black trim.

Wheels: 10-spoke Silver painted wheels with diamond-turned finish

Additional Piano Black door inserts are inserted to complete the restrained sense of purpose.
1. Polished 10-spoke wheels
An exclusive Q by Aston Martin Accessory, polished to a mirror finish using techniques derived from the production of high-performance Formula 1 engines.

2. Gloss black 10-spoke wheels
Stunning 20-inch gloss black wheels for added stealth appeal.

3. Indoor car covers
Tailored, fully breathable soft cotton mix indoor car covers with a protective fleece lining, featuring the Rapide S logo.

4. Gold wings badges
An exclusive Q by Aston Martin Accessory, 24-carat gold-plated wings badges supplied with a bespoke black leather and Alcantara® lined presentation box.

5. Ultimate car covers
Durable, breathable and weather resistant ultimate car covers made from technical polyester fabric, allowing water to ‘bead’ and run off.

6. Carbon fibre centre caps
An exclusive Q by Aston Martin Accessory, enhance the sporting appearance of your Rapide S with these technical and exquisitely crafted carbon fibre wheel centre caps.

1. Luggage sets
Exclusively handcrafted in England, luggage sets are available in tan saddle, black nubuck or cream Truffle leather and Black sport performance fabrics.

2. Leather ECU pouches
High quality leather pouches for keeping and protecting your glass ECU. Available in a range of popular colours with an optional matching presentation box.

3. Saddle leather boot bags
Handmade by a master saddle maker, this exquisite set features two shoulder bags and a pair of picnic cases, each with a detachable bottle carrier.

4. Saddle leather floor mats
Handcrafted from premium English lambswool carpet with fine saddle leather edging, available in Obsidian Black or Conker Brown.

5. Floor mats
Premium, durable and easy to clean wool carpet overmats, edged in leather hide with a discreet embroidered Aston Martin logo. Available in a range of colours.

6. Boot mat
Premium boot mats featuring embroidered Aston Martin wings and leather bound edges.
AN ASTON MARTIN THAT REFLECTS YOU...

Q by Aston Martin is our unique personalisation service, for an Aston Martin that truly reflects you. It can take you on a journey of inspiration through the world of art, design and crafts, far and wide. The key elements of design – places, people and objects – make up the character of your car. Q by Aston Martin is only bound by the limits of imagination.

Welcome to your story, welcome to the world of Q.
With 151 dealerships in 44 countries around the world, Aston Martin has a global presence to match its reputation as maker of some of the world’s most coveted and recognisable cars. All our showrooms and service centres reflect the prestige and exclusivity associated with the Aston Martin brand, ensuring your ownership experience begins as soon as you enter. Passionate, highly trained sales people and technicians, all your needs are catered for. Expert guidance through the specification and ordering process to the unique peace of mind that comes from having your cherished car meticulously maintained by skilled specialists, our dealerships are at your disposal.

Warranty
Your new Aston Martin is meticulously produced and as such benefits from a three year unlimited mileage Vehicle Warranty and a ten year unlimited mileage Anti Perforation Corrosion Warranty. During this period any necessary repairs would be carried out by approved technicians to the highest standard using only Genuine Parts. After three years Aston Martin offer an Extended Warranty for total peace of mind.*

Servicing
With an Aston Martin service you can be assured that your car is in the safest hands. Our approved service technicians are qualified to the highest standards and regularly receive training on new products. Only Genuine Aston Martin Parts are used and all of our work comes with a 12 month warranty. Free checks for software and mechanical updates are included.

Parts
Every Aston Martin is a masterpiece, precision engineered to give you the exhilarating driving experience you expect. The Aston Martin Parts Division is dedicated to preserving that unique sensation now and forever. That is why we supply over 70,000 Genuine Parts for models built between 1959 and the present day through our global network of Aston Martin Dealers. So whether you drive a DB5 or a DB9, your Aston Martin’s performance and dynamics can be timeless. All parts are covered by a 12 month warranty.

Accessories
Our range of genuine accessories has been carefully designed to complement, enhance and personalise your Aston Martin. Whether your taste and choice is for interior or exterior updates or you want to bring your Aston Martin up-to-date, our range of interior and exterior updates for all current models will help you achieve it.

With 151 dealerships in 44 countries around the world, Aston Martin has a global presence to match its reputation as maker of some of the world’s most coveted and recognisable cars. All our showrooms and service centres reflect the prestige and exclusivity associated with the Aston Martin brand, ensuring your ownership experience begins as soon as you enter the showroom. Passionate, highly trained sales people and technicians, all your needs are catered for. Expert guidance through the specification and ordering process to the unique peace of mind that comes from having your cherished car meticulously maintained by skilled specialists, our dealerships are at your disposal.

Warranty
Your new Aston Martin is meticulously produced and as such benefits from a three year unlimited mileage Vehicle Warranty and a ten year unlimited mileage Anti Perforation Corrosion Warranty. During this period any necessary repairs would be carried out by approved technicians to the highest standard using only Genuine Parts. After three years Aston Martin offer an Extended Warranty for total peace of mind.*

Servicing
With an Aston Martin service you can be assured that your car is in the safest hands. Our approved service technicians are qualified to the highest standards and regularly receive training on new products. Only Genuine Aston Martin Parts are used and all of our work comes with a 12 month warranty. Free checks for software and mechanical updates are included.

Accessories
Our range of genuine accessories has been carefully designed to complement, enhance and personalise your Aston Martin. Whether your taste and choice is for interior or exterior updates or you want to bring your Aston Martin up-to-date, our range of interior and exterior updates for all current models will help you achieve it.

So whether you drive a DB5 or a DB9, your Aston Martin’s performance and dynamics can be timeless. All parts are covered by a 12 month warranty.

*Extended Warranty package details by engine, speak to your preferred Dealer for more information.
When you become an Aston Martin owner, you acquire so much more than a fabulous car; you join a global family of passionate like-minded individuals, united by an appreciation of the inimitable style and inherent class that distinguishes an Aston Martin from any other car. This passion is shared by all of us at Aston Martin. We are proud of our heritage and of the fact that more than 85% of all Aston Martins ever built are still in existence and being enjoyed by their owners. Above all, we want you to cherish driving your car and experience the Aston Martin family. To help achieve those aims we host a fabulous range of Aston Martin driving experiences and events around the world.

At these events, organized by your dealer or by Aston Martin, you will drive your or our cars, meet like-minded Aston Martin enthusiasts, and sample some of the finer things in life. Whether you crave the adrenaline rush of driving as fast as you dare around one of the world’s great race circuits, long for the more leisurely delights of our luxury tours, or are intrigued by the novelty of powering around a special course carved into the snow and ice of an alpine resort, you can be sure of one thing: Aston Martin ownership is an experience like no other.
UNMISTAKABLE.
IMITABLE.
IRRESISTIBLE.
THE ASTON MARTIN
RAPIDE S.

Updates
Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and all cars are regularly updated. While every effort is made to produce up-to-date information, this brochure should not be regarded as an infallible guide to current products, options, accessories and/or services or combination of the same.

Performance results
Performance results, fuel consumption figures and CO2 emissions data quoted in this brochure are obtained under controlled test conditions (in accordance with applicable regulations) and may vary depending on the specification of the particular car, road and environmental conditions and driving style. Tyre choice may also impact on performance results, fuel consumption, C02 emissions, ride comfort and handling. Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given expresses or implied of performance results, fuel consumption or CO2 emissions. Aston Martin Lagonda Limited strongly urges that all speed laws be obeyed and that safety belts be worn at all times.

The weight of the car will influence the level of CO2 emitted and as a result, cars with higher levels of specification and factory-fit options may emit higher levels of CO2. The final figure charged according to the weight of the car and C02 emissions will be published in the standard car, as published in this brochure. All petrol engines are fitted with a catalytic converter.
